

Sharsheret Pink Shabbat Shabbat, March 16th and 17th

Hear from Melissa K. Rosen, Sharsheret's Director of National Outreach, as she shares life-saving information throughout Shabbat.

Friday Evening, Services begin at 6:15 PM

At the conclusion of the service, Melissa will discuss "Genetics & Hereditary Cancer in our Community" - a deep look into genetics and how one can determine personal risk, manage it, and mitigate it.

Saturday Morning, Services begin at 9:15 AM

During the service, Melissa will talk about "Health and Empowerment: What Breast Cancer Risk Can Teach Us" - how to address risk and lower it by exploring behaviors that lower risk for breast cancer, cancer as a whole, heart disease, and much more.

Interactive Kiddush discussion on "Creating a Caring Community" - how individuals can support community members facing difficult diagnoses and how the community as a whole can as well.
